6 Bargain Grade low market demand. Many of these are available for five dollars or less. Since the objective is to support the NSO, they are, to be honest, overpriced. Their audio quality is superior, equal to the highest grade. There are two Weblist 7 EMI price exceptions—these are marked with an *asterisk and explained.

Prices are per disc; box sets of 2, 3, and 4 discs are priced accordingly; discs 3 and 4 in sets are half price.

Six more boxes contain EMI vinyl records. This list is Box 25 of 96

Images are "borrowed" from the Internet without permission, but are good likenesses of the items in the list.

Recording evaluations are made from visual inspections; none have been played or tested; all are in excellent to mint condition. Some records were issued prior to standard practice factory sealing. There is no way to determine accurately if the records have been played; if no fingerprints or spindle trails are evident, they are graded as **Near Mint**, [NM] meaning they are likely unplayed.

Ordering: On the DOSVC Order form or a separate sheet, list the serial number and title of the album(s) you wish, and send with check made to DOSVC, 4019 SE Boise St., Portland Oregon 97202.

No credit card transactions can be made for these recordings at the present time.
